FISHPLATES ARRIVE.

Shore Line Railway Starts on Work and Block Paving is Resumed.

Work on the block paving job on Main street has again been started following a week of waiting for fishplates for the trolley rails. Men in the employ of the trolley company were rushed up from Norwich as soon as the plates arrived Friday noon and started at once on the work under the supervision of Foreman Tom Guinan, who stated that the work would be completed in about 24 hours. It is expected that the concrete bed for the paving blocks will be started today by Merrill H. Jones, the contractor who took the job.

The telephone proved its usefulness Thursday when Mayor Dunn and members of the street committee got into communication with the officials of the Shore Line and through them the shop where the plates were made was called up with the result that the plates were shipped by express, arriving here at 11.12. It is stated that the delay was caused by the fact that the old style rails are being replaced by heavier T rails and the fishplates had to be made for them.

Parcels Must Be Marked.
A notice has been received at the local postoffice that in the future the rule regarding the sending of parcels post packages will be enforced strictly. The act requires the word "From" with the address of the sender in the corner of the package.

Routhier-Goucher Engagement.
At the celebration of the 25th anniversary of the marriage of Mr. and Mrs. S. L. Cardinal of lower Main street Thursday evening, Dr. J. A.
